Time well spent!By Praise the Lord!An excellent addition to Dr. Myles Munroe's biblically based study materials on leadership, purpose, vision, and mentoring. As always, Myles has used his gifts to help us alone the way. I'm so thankful for the privilege of having been exposed to his talents and gifts while he was here in the physical. I've been buying Myles Munroe's book since the mid 90's when I first became aware of him. He's been so consistent and stable in his work and I've learned alot. Although, I wanted more of him, he said,"

its not the leader (the person) that draws people but his talents and gifts". Myles has left us with plenty of his gifts to carry on the vision. Myles you are my mentor a true example of what we can do when we discover our TRUE self in the Kingdom of God. May you my dear and your lovely wife and all who died in that plane crash rest in peace. You are missed! May God bless us! continue to Provide us the HOW as we continue the work towards the mutually inspired vision. Amen.0 of 0 people found the following review helpful.
