Whether you translate professionally, study or teach translation, or just wonder what it is that translators get up to, this book will give you a fresh and stimulating insight into how we translate and how we can learn to translate faster and more effectively. Innovative exercises and discussion topics are provided for the teacher, many of them related to Suggestopedia or accelerated learning techniques. Warning! This book can change the way you think about translation.

This innovative book integrates translation theory and the practical skills required by the working translator.
