**Terry Wireman : Benchmarking Best Practices for Maintenance, Reliability and Asset Management** before purchasing it in order to gage whether or not it would be worth my time, and all praised Benchmarking Best Practices for Maintenance, Reliability and Asset Management:

0 of 0 people found the following review helpful. Three StarsBy CustomerInformative and useful. Unfortunately there are many typos throughout the book.0 of 0 people found the following review helpful. Poor printing qualityBy Anang

y. Seems like a photocopy for me. 0 of 1 people found the following review helpful. Could have more benchmark metrics, for reference... By Customer No major comment, so far...

Updated to account for ISO 55000, *Benchmarking Best Practices for Maintenance, Reliability and Asset Management, Third Edition*, now includes an overview of this seminal and long-awaited standard and identifies the specific points where ISO 55000 will impact maintenance and reliability. New graphics to enhance the text's main points have been added throughout. As with past editions, the third edition provides a logical, step-by-step methodology that will enable any company to properly benchmark its maintenance function. It presents an overview of the benchmarking process, a detailed form for surveying and "grading" maintenance management, and a database of the results of more than 100 companies that have used this survey. Widely used, *Benchmarking Best Practices for Maintenance, Reliability and Asset Management, Third Edition*, has proven to be an invaluable planning guide and on-the-job reference for maintenance managers, plant engineers, operations managers, and plant managers.

About the Author Terry Wireman - Terry L. Wireman serves as Senior Vice President of Strategic Development at Vesta Partners, LLC. Mr. Wireman leads Vesta's Maintenance and Reliability Seminars and Training and provides strategic guidance to help Vesta Partners shape its market strategy and long-term direction. For over two decades, Mr. Wireman has been specializing in the improvement of maintenance management and reliability. He helps customers develop "Best-In Class" maintenance and reliability policies and practices. As an international expert in maintenance management, he assisted hundreds of clients in North America, Europe, and the Pacific Rim to improve their maintenance effectiveness. Mr. Wireman serves as Member of Advisory Board at Vesta Partners, LLC. In addition, he has authored fifteen books and numerous white papers and articles related to maintenance management process and technology.
