John Piper : Binary Betting: An introductory guide to making money with binary bets before purchasing it in order to gage whether or not it would be worth my time, and all praised Binary Betting: An introductory guide to making money with binary bets:

0 of 0 people found the following review helpful. GOOD BOOK By NATHAN THE BEST AND THE CHEAPEST BOOK ON BINARY BETTING. I WAS LOOKING FOR A BOOK ON BINARY OPTIONS, BUT THE PRICE

STEERED TOWARD THIS BOOK. FOR THE PRICE, IT DID NOT DISAPPOINT. 4 of 5 people found the following review helpful. the truth about this book By kabanok, guys, i can tell you rite away -this book is WAY TOO intro -like - it is like the abc of betting. not worth it! i m a binary trader myself, i buy ALL books on binary options i can find - this one is shite essentially , one will look for strategies like "watch this indicator" "buy after this event happens" but this book does not give any strategies. watch for strategies and trading system - this book has none. DON'T BUY IT. 3 of 4 people found the following review helpful. great By M. Jorgensen I'm giving this a 4 star, only because it brings up sports betting and so forth, when I was looking for financial betting. The book is a load of help, just wish it had been written for americans, so there wouldn't be so much talk about the FTSE and British pounds, etc. Since there are very few binary books out there, I highly recommend this book to start with as it's also the cheapest.

The world of betting is changing dramatically - say hello to Binary Betting. In recent years betting on sporting events and the trading of financial markets have been moving closer to each other, and binary bets are the result of this convergence. Binary bets combine the attractions of sports betting with the flexibility of the financial markets. Binary bets allow punters to:- Bet on hundreds of different sporting and financial markets- Close out bets before the event takes place- Profit from spectacular price moves- Bet in unusual and unexpected ways - experienced traders will love this This is the first book on binary betting and explains in simple language what binary bets are, how to trade them profitably and how to reduce risk. Within the book there are many real-life examples of binary betting trades and minute-by-minute analysis of binary price behaviour. In addition the book includes inside tips from an experienced trader who uses binary bets in his trading day in and day out - discover the bet that pays out even when you get it totally wrong! Find out what makes binary betting the fastest growing area of betting and why traders are switching to the new exciting world of binary bets.

"I'm very impressed - this is a very useful, readable and thoughtful explanation of binary betting." "I'm very impressed - this is a very useful, readable and thoughtful explanation of binary betting." About the Author John Piper has been involved with markets since his early twenties. In the late 1980s he started to trade options full time and did so right through the Crash of 1987 - an experience that stands him in good stead for markets today. For over a decade he has been the editor of The Technical Trader, the leading newsletter in the UK for those who trade futures and options markets worldwide. His articles bring a fine edge of analysis to markets and how they work. He trades full time, making consistent profits, and now manages money for selected clients at Berkeley Futures Ltd, a firm regulated by the SFA. He lives in Cobham, Surrey and in Massa, Italy.
