Andrew C. Sobel : Birth of Hegemony: Crisis, Financial Revolution, and Emerging Global Networks before purchasing it in order to gauge whether or not it would be worth my time, and all praised Birth of Hegemony: Crisis, Financial Revolution, and Emerging Global Networks:

With American leadership facing increased competition from China and India, the question of how hegemons

emergendash;and are able to create conditions for lasting stabilitymdash;is of utmost importance in international relations. The generally accepted wisdom is that liberal superpowers, with economies based on capitalist principles, are best able to develop systems conducive to the health of the global economy.

ldquo;As the United States faces both military and economic challenges to its international status, *Birth of Hegemony* speaks to important and timely debates. Drawing on the insights of political science, history, finance, and economics, Andrew C. Sobel provides a masterly critique of existing hegemonic theories, extending our understanding of how states develop into international leaders and how they stabilize the global system.rdquo;
