What I needed- conciselyBy Henway TwingoI knew what my concerns were with my literary Agent Agreement and what I wanted to say, but I didn't have a handy lawyer to draft the verbiage. I used Crawford's contract templates to dummy up the provisions I needed, and make sure I'd considered all the angles. This is a concise and targeted look at publishing-related contracts that's in understandable language and from the viewpoint of giving

advantages and protections to the author. I hope one day to need the juicy ones even further back in the book. 0 of 0 people found the following review helpful. Good Resource By CindyK\_3 This is a decent resource for small business owners who need to protect themselves with a contract, but may not have the retainer fees for lawyers. There is one I prefer that is better, but this is good. It comes with a very reliable cd loaded with the contracts so you can cut and paste or add information.
