**Kenneth Solow : Buy and Hold Is Dead (Again): The Case for Active Portfolio Management in Dangerous Markets** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Buy and Hold Is Dead (Again): The Case for Active Portfolio Management in Dangerous Markets:

2 of 2 people found the following review helpful. Too ComplexBy CustomerI don't mean to say that investing well should NOT be complex, I just mean that this book was so complex it was boring. I am an advisor, and it took me all summer to read it. I kept waiting for the meat, but there was no "there" there.0 of 0 people found the following review

helpful. Five StarsBy Janice H.Excellent book explaining the theory of Tactical Asset allocation/management.0 of 0 people found the following review helpful. great informationBy Steve and Jennygreat information

Patience May Be A Virtue, But It Isn't An Investment Strategy. The current academic and financial planning definitions of "risk" are changing at light speed, but the notion of what constitutes "risky" investment strategy for informed investors is still stuck in the dark ages. Wealth management expert Kenneth Solow takes a fresh look at the investment industry's reliance on Buy-and-Hold investing, exposing the flaws and potential dangers of this investment approach in secular bear markets. Patiently waiting for stocks to deliver historical average returns does not rise to the level of an investment strategy, according to Solow, who recommends a different approach called Tactical Asset Allocation. A provocative and thoughtful critique of the current state of the money management industry, Buy and Hold is Dead (AGAIN) is an invaluable investment guide for our financially challenging times.

..".If the government fails to mop up the recent flood of liquidity, active asset allocation, as Solow advocates, will be required to adjust for a dangerous new inflation environment. This is an excellent book for financial advisors." -- Steve Leuthold ""Founder and Chief Investment Officer, The Leuthold Group""
