Dale Mayer : Career Essentials: 3 in 1 before purchasing it in order to gage whether or not it would be worth my time, and all praised Career Essentials: 3 in 1:

0 of 0 people found the following review helpful. I like the information in itBy HeyI like the information in it. A bit lengthy, as if written to reluctant high school students, with some excess wording, but my patience paid off. I wrote a good resume and cover letter. Good recommendations for on-line sources. However, I bought the e-book version and I have a lot of problems on the technical side. I cannot read it on my MacBook Air because it shuts down my Kindle reader immediately (only this book out of the 145 that I have), which could not be resolved even after spending 2 hours online with . And on my Kindle reader, the text often comes up with lots of gibberish, as if it showed the

formatting coding instead of the text itself. I have to keep turning the page back and forth to refresh the page, then I can read it. 0 of 0 people found the following review helpful. Good tool for job hunting
By dean
I bought this book during a mid-career job hunt. Despite several years of professional and job hunting experience, I found the information and tips in the book very insightful and helpful. Preparing a resume and cover letter that will draw attention is crucial to getting an interview and Mayer's suggestions can help make that happen. 2 of 2 people found the following review helpful. Highly recommended
By E.S. Rose
I read all of the 3 books in this combo separately. Since I'm already getting job interviews - in a large part because of what I learned in the books - I feel it was worth it. But this has the three books in one for an amazingly low price! I've already told friends about this, those looking for jobs and those not - because you never know what might happen these days. The information is clear and easy to understand, easy to implement. I wish I'd had these books long ago. I highly recommended this!

This book has it all! It's three books in one. The print copy is over 375 pages. This compilation includes the three Career Essential books - The Resume, The Cover Letter, The Interview. Learn everything you need to know right from creating a dynamite resume, a compelling cover letter to great interview techniques that will help you nail your interview. All three books are available separately and now they are available in one package. If you are job hunting, looking at changing your career, or even considering what options you have, this book will help you to gain clarity to make your move - regardless of what it is. There's no need to wait. Learn everything you need to know to get through the process and find the right job for you.

About the Author
Freelance writer Dale Mayer lives in the beautiful Okanagan valley in British Columbia, Canada. She's multi-pubbed in nonfiction and is currently writing The Essential Series including The Career Essential Series (The Resume, The Cover Letter, The Interview), Lifestyle Essentials (Ergonomics for today's world, Raising the dyslexic child, etc.), and the Gardening Essential Series, (Beginning with Bulbs, Urban Farming, Gardening for Seeds).
