Dale Mayer : Career Essentials: The Interview before purchasing it in order to gage whether or not it would be worth my time, and all praised Career Essentials: The Interview:

0 of 0 people found the following review helpful. Nothing specialBy HBSThis book contains a lot of specific, useful advice on interviewing for job seekers. While generally well written and well organized, there's just nothing here you can't find on various websites or in literature usually available for free at university career counseling centers. It's true boilerplate material, nice to have organized in one place but not worth paying for, particularly if you're unemployed and short on cash.2 of 3 people found the following review helpful. Career Essentials: The InterviewBy P.

CroydonWhile this book seemingly included a lot of valuable information, I found it rather incomplete and unhelpful.

For example, it touched on questions you should to prepare for being asked (e.g. your age), which is illegal; however, it didn't provide any useful information/examples as to how to answer such a question. I found other such topics/questions and non-useful solutions throughout the book. In general, I had higher expectations of this seemingly current book. 7 of 7 people found the following review helpful. Amazing advice
By E.S. Rose
I've already gotten calls after rewriting my resume per the information in Mayer's resume book. This book is as good and maybe even better. It covers every possibility that might come up during an interview and quite a few more that I'd never thought of. I've read two other books on interviews, and this is the best and has given me the most confidence. I feel very prepared as I get ready to go out on my interview appointments.

Today's economy leaves little room for second chances in the job market. Hiring managers are swamped with applications. What are you doing to rise to the top of the pile and get noticed? If it isn't creating a cover letter driven by facts and filled with punch, you aren't doing enough. The cover letter is often overlooked as a key marketing tool — the perfect introduction. It can be blank and uninteresting or it can offer the potential employer exactly what they are seeking. Don't overlook this simple step that can improve your chances over other candidates. This book walks you through the various elements of a good cover letter, taking you through each step with plenty of examples to show exactly what you need to know to create the best cover letter over and over again. Make yours the one that brings the light of relief into the recruiter's eye as they see the perfect candidate. At just over a hundred pages, this concise, easy to read guide is full of professional information that will make your job search take off.
