As an Army leaver I was desperately trying to work out what to do when I leave and this book has really helped me.It includes some really useful exercises that have helped me work out what I want to do, plus it includes some really useful resources such as a list of forces friendly companies and recruiters in the States.Overall I was really impressed with it, and it's had a huge impact on me....as you can probably tell from this review!I hope you enjoy it as much as I did.0 of 0 people found the following review helpful.
