Louise Miller : Careers for Animal Lovers (Careers For Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Careers for Animal Lovers (Careers For Series):

1 of 1 people found the following review helpful. Basic, juvenile informationBy AllisonNot as detailed as i would hope. As a twenty-something professional looking to change careers, I did not find anything of value here. Just brief mentions of fields you would already be aware of - zookeeper, marine biologist, groomer, pet store owner, etc. I was hoping for more detailed info about specific school required for the science-based fields like wildlife conservation, not store entrepreneurs.1 of 2 people found the following review helpful. Bought this for a giftBy British Mystery BuffI

bought this book for a 14-year-old who thinks he wants to be a veterinarian. I thought it might be helpful to him. I looked through it before wrapping, and it seems to be thorough on the subject and readable. 1 of 2 people found the following review helpful. Very nice
By LauraC
Book is for my niece - future vet - book outlines great alternatives to just a clinical vet practice - perfect shape!

Enjoy a career working with your best friends--animals! Are you the type to choose a trip to the zoo over a ball game? Were you the family member who always came home with a stray dog? Are your shelves filled with books about animals? If you answered yes to any of these questions, you are an animal lover--now all you need is an occupation that satisfies your compassion for animals. *Careers for Animal Lovers Other Zoological Types* provides all the information you need to get started on landing the job of your dreams, including inside information on everyday routines of selected jobs, working conditions within the field, and alternate sources to enhance your job search. Use the advice provided here and you'll: Decide which specific profession is best for you Make the right choices the first time around Begin your job search focused and confident Present yourself as a knowledgeable, serious job candidate
Animals are people, too! You can work as an: animal attendant * trainer * zoo curator * veterinarian * ornithologist * pet sitter * aquarist * animal transporter
