Umair Hafeez Ghori : Global Textiles and Clothing Trade: Trade Policy Perspectives (Global Trade Law) before purchasing it in order to gage whether or not it would be worth my time, and all praised Global Textiles and Clothing Trade: Trade Policy Perspectives (Global Trade Law):

The author presents substantial case studies of the effect of the abolition of quotas on global trade in this sector. Concentrating mainly on China and Pakistan but also examining India, Indonesia, Vietnam, and seven other Asian TC manufacturing countries, he contrasts post-abolition reality with pre-abolition predictions of the impact of abolishing quotas, and details the continuing distortion caused by tariffs, non-tariff barriers and through trade remedies such as safeguards and anti-dumping. All of the analysis is supported by the judicious use and interpretation of extensive statistics, compelling arguments, and interviews with entrepreneurs and trade officials in Pakistan (as a case study of a country predicted to be a major beneficiary of quota expiry).
