L. Talani : Globalization, Hegemony and the Future of the City of London before purchasing it in order to gage whether or not it would be worth my time, and all praised Globalization, Hegemony and the Future of the City of London:

This book gives a detailed account of the primacy of the City of London, both as a domestic actor and as a global

financial centre. It focuses on whether the hegemonic position of the City of London can be threatened by the globalization process and how this relates to its role as an international money laundering centre.
