From Palgrave Macmillan : Globalizing Employment Relations: Multinational Firms and Central and Eastern Europe Transitions before purchasing it in order to gage whether or not it would be worth my time, and all praised Globalizing Employment Relations: Multinational Firms and Central and Eastern Europe Transitions:

Exploration of the contributions made by multinational corporations to the difficult labour market transitions towards full integration of Central and Eastern Europe members of the European Union. This book considers the roles played by US, British and German multinational companies (MNCs) in Central and Eastern Europe
