By Jennifer B. Kahnweiler, Ph.D.: This is a terrific book packed with relevant, immediately applicable tools. Sam Horn is not only a brilliant author and consultant but able to translate her wisdom to the page. We readers are the lucky ones who benefit from her secret sauce. By bringing in analogies, practical tips like "the phrase that pays" and the Seven P's of Disruption the author forces us to shape and refine our communication so that others will take notice. You will also love the quotes that pepper the pages of this resource. Thank you Sam Horn for another non-disputable winner!
