It will help you extend your job search immensely and avoid some of the pitfalls of internet job searching (and yes, there are some). I read several books before beginning my job search and this one was one of the more helpful.Also, even though the book was written a couple years ago it's information is still current.0 of 0 people found the following review helpful. Three StarsBy DON GONZALESokay0 of 0 people found the following review helpful. guide to internet job searchingBy Elaine P. MahlerThe book is informative and seems well researched. Breaking the chapters down into areas of interest is a good format.
