By Customer The underlying premise of this book is that the collapse of Western Civilization will be an orderly one in a long slow descent to the bottom. That those with foresight to accumulate precious metals will be allowed by societal pressures to enjoy the blighted rewards of their investment schemes among the disorder around them (this is why elitist are allegedly building doomsday bunkers) as the hordes of the have-nots rage. This book is a good read though peeling the blinders

back from one's eye's to the world's selfishness. Recommended. 24 of 26 people found the following review helpful. must read book for you financial future By Aden Amazing read. I found it very entertaining. Mike's relaxed storytelling style of writing makes some of the more tedious/complicated financial facts interesting and enlightening. Will recommend to all my friends and family. The information on these pages are worth their weight in gold. Pun intended 5 of 5 people found the following review helpful. Why buy gold or silver? By Anthony Dees If you are asking yourself "Why buy gold?", then this will answer your question. The historical perspective was very educational and makes sense of the author's point of view. I definitely now know more about how our monetary system works. I'm glad I bought it.
