entrepreneurs. This book is mostly about venture capital funded businesses run by ivy league people. The farther I get in the book the less the material applies to me. 1 of 3 people found the following review helpful. Harvard Business do the job! By Roberto Oliveira Flores The series 'Harvard Business review' is 'the state of the art' when one talks about business literature and this volume maintains this high level. Easy to read, as you can read from the end to the beginning not losing anything, cheap, the authors are experts, only 180 pages, updated and so on. I read every volume always learning too much. Five star.
