Deborah Porterfield : Health Care, Medicine, and Science (Great Careers with a High School Diploma) before purchasing it in order to gage whether or not it would be worth my time, and all praised Health Care, Medicine, and Science (Great Careers with a High School Diploma):

Those interested in improving the health and lives of the people in their community might consider a career in health

care, medicine, or science. This book covers such career profiles as: dental assistant; dialysis technician; dispensing optician; emergency Medical Technician (EMT); nurse aide; pharmacy technician; veterinary assistant; and, more.
