Not the Most Detailed, but Good Reference Guide By PaakowE "How I Did It" is not the most detailed book, but is great to use as a quick reference for whatever obstacle an entrepreneur is facing. It gives a different perspective on how others had overcome the same obstacle and what mindset they had to do so. "How I Did It" is good guide for start-up entrepreneurs who have lost their direction or at a roadblock they can't seem to move past. It can be used as a reference guide and point one in the right direction for

subjects to study and further hurdle obstacles. 2 of 2 people found the following review helpful. I liked the IMAX story the best as they focussed on growing in a business which was one time termed as sunset industry. 1 of 1 people found the following review helpful. great experience learned!!
