**Editors of the American Library Association : How to Get a Great Job: A Library How-To Handbook (American Library Association Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised How to Get a Great Job: A Library How-To Handbook (American Library Association Series):

0 of 0 people found the following review helpful. Not about library jobsBy NickelzI bought this book thinking that it offered advice about getting jobs in libraries, being that it was written by the ALA and it's a library handbook. Since

I'm trying to get into the library field, I had hoped for advice to get a job in a library. Turns out that it's a general how-to book about getting a job by using your public library. The advice is quite good and it's really up to date, which I would expect from the ALA. Anything that is produced by the ALA is going to offer reliable information because librarians take great pride in finding accurate information. However, since it doesn't meet my specific needs, I'll probably donate it to my public library for other job seekers.

In our difficult time, or at any time, knowing how to find a great job is a necessary skill. All the resources you need for a successful job search are at your fingertips—and completely free—at your public library. It can be a daunting task, so here is expert advice on how to conduct proper research, build networks of friends and colleagues, put together a great resume, research industries that are constantly changing, prepare for an interview, negotiate a contract or a salary, and more. This could be the turbo-boost your job search needs.

Patrons will enjoy these simple but well-organized tools addressing that audience of novices who need help navigating the career or scholarship resources of their public libraries ... These books should be in every public library, and, given the cost, in high school libraries as well. Full disclosure: I'm going to recommend them to our College Success course faculty as potential textbooks. --Catholic Library World  
About the Author  
The American Library Association is the oldest and largest library association in the world. Founded in 1876, it was created to provide leadership for the development, promotion, and improvement of library and information services. It is headquartered in Chicago, Illinois.
