Ken Little : The Complete Idiot's Guide to Active Trading before purchasing it in order to gage whether or not it would be worth my time, and all praised The Complete Idiot's Guide to Active Trading:

0 of 1 people found the following review helpful. ExcellenceBy Rich of San DiegoExcellent Service, great quality, value and dependability - I'm a happy camper: Hakuna Matata = There are no problems - Simba in The Lion King.0 of 0 people found the following review helpful. Little Offers MoreBy Sailor DuncI found the Idiot's Little primer better than at least one of the similiar one's For Dummies. It provides clean basic definitions and common sense Little tips. It is refreshingly short on vague mumbo jumbo or sensational promise (Secret MOC-ME System: Millions Over Coffee - Made Easy!!!)". With a nice objective Little introduction like this, you could still end up drowning. But at least you'll spend a LITTLE less time (and hopefully drawdown) while wading out to where one can hope to swim. For it's modest target: 4 stars.

The smart way to succeed in electronic trading. There is money to be made in active electronic trading, if investors know the rules of the game and the right investing strategies. This guide includes all the information nonprofessional

traders need to be successful at day trading stocks in today's market, with tips and up-to-the-minute information on the newest technologies, the amazing opportunities in both American and international markets, and strategies for how to profit from them. ?Most current day trading guide available ?Up-to-date screen captures of dozens of actual trading scenarios ?The newest information sites and technologies ?Full glossary of trading terms
