**Rene Carew : The Complete Idiot's Guide to Discovering Your Perfect Career** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Complete Idiot's Guide to Discovering Your Perfect Career:

0 of 0 people found the following review helpful. great source...By Linda RobertsonHelpful for the young people in the family.2 of 2 people found the following review helpful. Insightful, Practical Engaging!By Management Consultant CoachWhether the reader is a student just beginning to contemplate possible careers, or someone stuck in a job rut and wondering "is that all there is?" this practical guide will provide encouragement, insight, and specific steps to identifying a truly satisfying career. Having worked as a career counselor and taught career planning at UC, Berkeley, I welcome this new, user-friendly volume that engages the reader not just in career research, but in the self-research that is critical to identifying one's calling vs. merely settling for a job. The book is filled with hands-on exercises, helpful hints, and specific recommendations to sustain one through the process of identifying the career of his or her dreams. I highly recommend this to anyone who wants work to be more than a four-letter word!0 of 0 people found the following review helpful. Great Guide for Second Career Searches Too !!By Jocelyn A. CollinsMy husband

and I are both 62 years old and we think that this Guide is a must-read resource for anyone who might want to re-enter the workforce after retirement or for pursuing a different career track during these challenging economic times. The Guide is comprehensive, thorough and user friendly. It provides excellent insights on career and workplace considerations. The many practical exercises the Guide offers really helped us clarify and prioritize the second career work we want to find. The Guide is a first-rate resource that we highly recommend to any serious career seekers!  
!Jocelyn and Mike Collins

What do you really want to do? Finding the perfect career isn't easy, but it's certainly attainable. This guide offers readers the chance to trade in their unsatisfying jobs for fulfilling careers. This book helps them by providing a process of self-assessment that includes questions on personality, talents, values, interests, and goals; advice on how to make a smooth transition from one career to another; and an action plan to take the steps toward landing the perfect career. - According to The Conference Group, only 48.9% of working Americans are satisfied with their jobs, the lowest level of job satisfaction since pollsters first began surveying the topic in 1995-Career self-discovery books are among the best-performing in the career category

About the Author Renee Carew, Ph.D., is a career coach, manager, professor, and consultant with over 20 years of experience. She provides career counseling to students and faculty at the University of Massachusetts, and leads career development workshops for academic departments, staff associations, and community organizations. American Writers and Artists Institute has helped thousands of people find the careers they were meant to have. AWAI specializes in home-study career change courses in some of the most lucrative fields of writing and design today.
