Rita Mesias : The Coordinated Direct Investment Survey Guide 2015 before purchasing it in order to gage whether or not it would be worth my time, and all praised The Coordinated Direct Investment Survey Guide 2015:

This Coordinated Direct Investment Survey Guide (Guide) has been prepared to assist economies participating in the Coordinated Direct Investment Survey (CDIS). The CDIS is being conducted under the auspices of the Statistics Department (STA) of the International Monetary Fund (IMF) across a wide range of economies. The survey is conducted simultaneously by all participating economies, uses consistent definitions, and encourages best practices in collecting, compiling, and disseminating data on direct investment positions. The CDIS is thus an important tool in capturing world totals and the geographic distribution of direct investment positions, thereby contributing to important new understandings of the extent of globalization, and improving the overall quality of direct investment data

worldwide.
