Daniel Peris : The Dividend Imperative: How Dividends Can Narrow the Gap between Main Street and Wall Street before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Dividend

Imperative: How Dividends Can Narrow the Gap between Main Street and Wall Street:

5 of 5 people found the following review helpful. How to Think About Investing By Thomas H Rekdal An outstanding explanation of the practical application of the central concept of equity investing: that a stock's worth is only the present value of its entire dividend stream. To grasp this idea fully is to finally appreciate the absurdity of corporate stock buybacks. Give us the money! 1 of 1 people found the following review helpful. Passionate plea for dividends By P. R. The author makes a compelling case for a paradigm shift in corporate America. Good examples and thoughtful arguments. Could spend more time discussing companies that "get it" and the positive results. 0 of 0 people found the following review helpful. A very useful book. The author tends to make the same ... By Boston Jack A very useful book. The author tends to make the same point over and over again. OK, we get it. The companies should be allocating more \$\$\$'s to dividends. I agree

IF YOU'RE INVESTED IN THE FUTURE OF THE STOCK MARKET, THIS IS YOUR WAKE-UP CALL. You've seen the markets swing from bubble to scandal and back again. You've watched the divide between Wall Street and Main Street grow larger each year. You've wished there was a strategic approach to investing that strengthened portfolios, benefited companies, and bolstered the economy as well. The answer, according to business investor Daniel Peris, is simple. You need to focus on dividends. Investors need to demand bigger dividends and U.S. corporations need to pay out more of their profits as dividends. This is THE DIVIDEND IMPERATIVE. A powerful new call to action for investors and corporate leaders by the acclaimed author of *The Strategic Dividend Investor* Peris makes a compelling case that investors and companies need to focus more on dividends, which have accounted for the lion's share of stock market returns. —John Heinzl, *Toronto Globe Mail* All investors and corporate leaders can benefit from Peris's simple insight. —J. Christopher Donahue, CEO, Federated Investors

"[This] volume and [Peris's] previous book, *The Strategic Dividend Investor*, make the strongest cases I've ever seen for relentlessly investing in dividend stocks and funds that own them." Kiplinger's 20130206 About the Author DANIEL PERIS is a senior portfolio manager at Federated Investors in Pittsburgh. Trained as a historian, Peris is also the author of *The Strategic Dividend Investor*. Find out more at www.dividendimperative.com.
