Leon Hollerman, Ramon H. Myers : The Effect of Japanese Investment on the World Economy: A Six-Country Study 1970-1991 (Hoover Institution Press Publication) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Effect of Japanese Investment on the World Economy: A Six-Country

Study 1970-1991 (Hoover Institution Press Publication):

A study of the controversy over Japanese foreign investments.

"Contains much original material, plus invaluable consolidation of research results from many not easily accessible sources." About the Author Ramon H. Myers is a senior fellow at the Hoover Institution.
