From Routledge : The Enlargement of the European Union: Issues and Strategies (Routledge Studies in the European Economy) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Enlargement of the European Union: Issues and Strategies (Routledge Studies in the European Economy):

This volume looks at the process of enlargement which the European Union is currently undertaking, focusing on both the economic and political dimensions of the subject. The volume examines how enlargement has evolved and looks at the roles and relations of the different actors - member states, applicant states and EU institutions. With contributors coming from different disciplinary backgrounds, the volume offers an unusually rich array of perspectives on one of the most significant political developments of recent years.
