**From Palgrave Macmillan :** The Eurasian Project and Europe: Regional Discontinuities and Geopolitics before purchasing it in order to gage whether or not it would be worth my time, and all praised The Eurasian Project and Europe: Regional Discontinuities and Geopolitics:

This book explains the historical and philosophical understanding of Eurasia and its current relevance to the formation of the Eurasian Union. It considers Eurasia's historical underpinnings, and its current economic, political and geo-strategic relevance in world politics.

ldquo;This well-written, well-structured and relevant volume brings together a very knowledgeable mixture of established scholars such as Lane, Sakwa and Korosteleva with a number of their younger peers to produce a comprehensive work befitting further reference and study. hellip; This book provides just the right amount of fuel to keep the debate alive.rdquo; (Dimitrios Triantaphyllou, *Journal of Common Market Studies*, Vol. 54 (5), 2016)About the AuthorP. N. Chatterje-Doody, University of Manchester, UK Rilka Dragneva, University of Birmingham, UK Peter J.S.
