**Kim Kavin : The Everything Guide To Magazine Writing: From Writing Irresistible Queries to Landing Your First Assignment-all You Need to Build a Successful Career (Everythingreg;)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Everything Guide To Magazine Writing: From Writing Irresistible Queries to Landing Your First Assignment-all You Need to Build a Successful Career (Everythingreg;):

0 of 0 people found the following review helpful. SHORT ON USEFUL INFORMATIONBy CustomerIf you are a newbie, then pages of information on how to open a business account or organize your office supplies drawer may be vital. But ... I suspect for many who buy and read this book may be looking for more information on markets, sample query letters and ways to "newsjack." Information on how to reframe old articles for multiple markets by doing things like changing the location and story angle but using the same research might also have been useful. The book is fine

for beginners. More experienced writers (and readers) may find it wanting. 2 of 3 people found the following review helpful. Contracts, contracts, contracts By Former Book Seller It was worthwhile and I enjoyed it, but it dealt so much with the contract side of things (which I know is important, obviously) it didn't really deal too much with the "art" of the writing, e.g. writing queries specifically. It did a little but it was mostly the business aspect of the job. Good, but wanting. 0 of 1 people found the following review helpful. Write On! By J. K. Melvin This book is packed with information. Inspiring, but giving you the business facts right alongside that inspiration. I am still in the middle of reading it, but I am enjoying it. I'm glad I purchased it. I received it fairly quickly and in good condition. Thanks!

A Simon Schuster eBook. Simon Schuster has a great book for every reader.
