1 of 1 people found the following review helpful. Five StarsBy SANDRA NOBORIKAWAGood book to read before you go on a job interview.3 of 3 people found the following review helpful. Very Useful and InformativeBy Lauren CookeI found this text to be a great resource throughout the interview process. The subject matter flows well and

makes it easy to read and use as a resource. Not only does the book cover phone interviews, behavioral and situational sample questions, it also gives you an easy to follow protocol on how to follow up after the interview and what to expect. Definitely a valuable resource for anyone who has not interviewed recently. 2 of 2 people found the following review helpful. Great Refresher By Syd Having not been in the interview process for some time, I found this book very informative and a great tool for giving interviews as well. I highly recommend this book especially if you think you interview well. It's a great insight on the evaluation of your responses.
