**Nicholas Coleridge : The Fashion Conspiracy** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Fashion Conspiracy:

Great for a long plane ride and indicative of how fashion became so ubiquitous.0 of 0 people found the following review helpful. Fashion GossipBy Genie M. From the catwalks of Paris to the sweatshops of South Korea; from Seventh Avenue glitz to Tokyo new-wave hellip; The sophisticated brookings of the fashion conspiracy have generated a powerful new force in the world economy; designer money. Nicholas Coleridge presents a fascinating portrait of the jet-setting matrons who are the gurus and tyrants of the fashion press; of fashion legends like Paloma Picasso and Tina Chow; of the top store buyers who command \$700 million a season. He probes the incredible world of the designer billionaires like Ralph Lauren, Calvin Klein and Yves St Laurent whose fashion empires are richer than entire Third World countries. Here are the jealousies, the glamour, the buccaneering, the espionage and the razzmatazz in a witty and penetrating guide to an extraordinary world.
