From Wiley : The Future of the Multinational Company before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Future of the Multinational Company:

Recent Events -from September 11, to the anti-globalization protests to the collapse of the high-tech boom have accentuated the sense that the global economy is moving into uncharted waters Bringing together the leading authorities on globalization and international business The Future of the Multinational Company looks ahead to the new challenges facing multinational firms and predicts what the multinational company will look like in ten years

time. Brings together the leading authorities in the field of global / international business. Academically rigorous but accessible; Addresses a topic of concern to practitioners and academics alike

"...a wealth of information..." (Transnational Corporations, June 2006)
From the Inside Flap
This book reflects on the insights and perspectives of the academics who have observed and shaped the field over the past thirty years. Focused around three core themes, the book contains eighteen original contributions from the leading thinkers on the topic of international business and the multinational company. Academics in international business and strategy will find a wealth of knowledge in this book that furthers thinking on the topic of globalization. Consultants and practitioners will be able to learn from the future gazing outlined by these thought leaders.
From the Back Cover
Bringing together the leading authorities on globalization and international business this book looks ahead to the new challenges facing multinational firms and predicts what the multinational company will look like in ten years time.
