I knew much of what was in the book, however, it is always good to be reminded of what works and what doesn't. I must confess I did use the yellow highlighter a lot, so that tells me there was a lot of valuable material there. 0 of 0 people found the following review helpful. A very informative piece of work for authors and speakers ... By Dr. Evelyn Roberts A very informative piece of work for authors and speakers who are seeking out new opportunities and want to move their careers to a whole new level. This is a step by step guide as to how to achieve your aim. 5 of 6 people found the following review helpful. but for someone new to the consulting or the speaking game the information could be useful. In spots it is just plain silly By Tom E Nothing original, but for someone new to the consulting or the speaking game the information could be useful. In spots it is just plain silly. If you are going to get into speaking become a member of the NSA and the state affiliate. That's National Speakers Association, not the other NSA.
