**Chuck Salisbury : The Incredible Investment Book: The #1 Way to Invest in the #1 Investment in America** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Incredible Investment Book: The #1 Way to Invest in the #1 Investment in America:

Chuck Salisbury knows Americans are scared about investing right now. That's because, as a veteran

financial expert, he's spent decades developing successful strategies for wealth attainment as the markets have risen and fallen repeatedly. In November 2007 Chuck wisely advised his clients to get out of the stock and mutual fund markets: a move that saved many of those who listened the money they will need to retire.

Today, Salisbury continues to advise those who consult with him to avoid these markets, and to avoid investing in annuities and precious metals because these investments do not keep pace with inflation. Thanks to government-backed bailout plans, which have flooded the currency market with trillions of dollars, "we are headed for a super inflation period," says Chuck. As investors YOU must know what is the ONLY investment in America that keeps pace with inflation. You must also know how to protect your self against losses. You must understand why you cannot trust your broker or Financial Advisor to give you unbiased investment advice.

About the Author Chuck Salisbury has the experience and the integrity to offer conclusions that are the results of 40 years of investing in and building investment real state projects and managing money for clients of Prudential, Smith Barney and Shearson Lehman. Today he delights in giving others the opportunity to create their own financial security through the greatest investment in the world, real estate. "I just don't want people to make more mistakes" he says on radio and in his seminar. You can register on his website and enjoy all the investment resources available to hundreds of thousands of serious investors looking to retire with enough money to provide a comfortable "Income for Life".
