A. Loacute;pez-Claros : The Innovation for Development Report 2009-2010: Strengthening Innovation for the Prosperity of Nations before purchasing it in order to gage whether or not it would be worth my time, and all praised The Innovation for Development Report 2009-2010: Strengthening Innovation for the Prosperity of Nations:

The relative importance of various drivers of economic growth and prosperity has evolved over time and for a growing number of countries, innovation, in its many dimensions, is emerging as a leading factor. The 'Innovation for Development Report' provides a comprehensive look at the role of innovation in enhancing the development process.

About the Author AUGUSTO LOPEZ-CLAROS was the Chief Economist and Director of the Global

Competitiveness Program at the World Economic Forum in Geneva (2003-2006), where he was the editor of the Global Competitiveness Report, the Forum's flagship publication. He is the founder of EFD ndash; Global Consulting Network, an international consultancy specializing in economic, financial and development issues and working with governments and private corporations on a broad range of subjects, including aspects of economic reform in transition economies, competitiveness and productivity, and the role of technology and innovation in the development process. In 2007 he was co-editor of The International Monetary System, the IMF, and the G-20: A Great Transformation in the Making? and also The Humanitarian Response Index: Measuring Commitment to Best Practice, both published by Palgrave. A summary of recent activities and projects can be found at www.augustolopez-claros.net.
