Great book to figure out how to plan a real estate careerBy Cameron NaglerI thoroughly enjoyed this book and it really gave me even more insight to an industry I am a part of. Being two years into the business this book has helped me get an idea for the next step. Highly recommend to anyone seriously considering a career in real estate.2 of 2 people found the following review helpful. out of date. too elementaryBy dolphin85A little bit out of date. I recommend you buy a book that is up to date.Also the book is geared towards newcomers. If you're going through an MBA, or an advanced program, it's not worth buying.0 of 1 people found the following review helpful. Great introductionBy JakeThis book is good for anyone considering the real estate development field. It provides lots of information on the types of positions available for entry level, as well as long term career tracks.

Addressing the lucrative real estate industry, this book helps determine whether a career in real estate is the right

choice and reveals how to get started in the field.
