**Richard A. Davis : The Intangibles of Leadership: The 10 Qualities of Superior Executive Performance** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Intangibles of Leadership: The 10 Qualities of Superior Executive Performance:

0 of 0 people found the following review helpful. Every Leader should read this book!!!By M. HillIf you're in a leadership position or even considering a leadership position, you should read this. Extremely insightful, very informative and inspiring. I highly recommend this book and I'm already loaning it out to friends to read. I feel much

more prepared and focused. I definitely have a new perspective on what it means to be a true leader and I'm excited to have the opportunity to help others as their leader. 1 of 1 people found the following review helpful. Great Book On the Most Important Part of Leadership By Scott Wozniak Leadership skills are critical to learn. But they're the easy part. It's the character qualities that matter most and take more work to build. This is the best book on the unique character leaders need. Great stories, deep ideas, and strong challenges. A MUST read for leaders. 0 of 0 people found the following review helpful. Four Stars By William Glad It's a good book! Enjoyable and insightful read

It's the Subtleties that Matter! What is the real difference between competent leader and extraordinary executive? Is it pedigree, experience, intelligence? The answer is yes...and much more. Exceptional leadership hinges on a complex interaction between individual psychology and unique business needs. At the top rung of the ladder, where the dynamics are most complicated, subtle adjustments in style can produce outstanding results. In his new book, *The Intangibles of Leadership*, Management Psychologist Richard Davis, Ph.D., uncovers patterns in the attributes that truly distinguish those who succeed at the top. What he found was that extraordinary leaders possess certain characteristics that fall between the lines of existing leadership models, yet are fundamental to executive success. Davis explains each of these qualities, the people who exemplify them, how to detect them in others, and most importantly, how to develop the subtle characteristics that will enable them to stand out from the pack. Learn why... It's often better to aim for silver than for gold Playing hard to get attracts people to you It's important to have a slightly inflated view of your abilities Your peripheral vision is so important It's ok to get angry with your team So many extraordinary executives have gone through crises early in their lives
