Robin Dand : The International Cocoa Trade before purchasing it in order to gage whether or not it would be worth my time, and all praised The International Cocoa Trade:

0 of 0 people found the following review helpful. Excellent Snapshot of Cocoa IndustryBy Brandon S. ThompsonAnyone interested in learning more than just the very basics of the global industry needs to read Dand's book. A must for every player in the sector. My only complaint is about the lengthy appendixes that make up over half of the book and are really just fillers.

Isquo;An overview of the history of cocoa, the factors affecting its production and consumption as well as how the trade is conducted, various risks mitigated, and by whom. hellip;The International Cocoa Trade is a work designed to inform all on the subject of cocoa and an essential guide for those involved in its trade.rsquo;Dr J. Vingerhoets, Executive Director, ICCOCocoa is a valuable commodity, and the cocoa trade involves many different parties from

growers and exporters through dealers and factories to those trading futures and options and the banks they deal with. The International Cocoa Trade provides an authoritative and comprehensive review of the cocoa trade at the beginning of the twenty-first century, and the main factors that drive and affect that business. The opening chapter of the third edition examines the history and origins of the international cocoa trade, and its recent developments. The agronomics of cocoa production are discussed in chapter two whilst chapter three deals with the environmental and practical factors affecting cocoa production. Chapters four, five and six cover issues around the export and trading of physical cocoa, including the actuals market, the physical contracts used and the futures and options markets. In chapter seven, the international consumption and stocks of cocoa are reviewed with chapter eight discussing the issue of quality assessment of cocoa beans for international trade. Finally, chapter nine focuses on the end product, examining the processing of cocoa beans and the manufacture of chocolate. Updated appendices provide copies of some of the most important documents used in the cocoa trade, including contracts, sale rules and world production statistics. This comprehensively updated third edition of The International Cocoa Trade ensures its continued status as the standard reference for all those involved in the production consumption and international trading of cocoa. Provides an authoritative and comprehensive review of the cocoa trade at the beginning of the twenty-first century, and the main factors that drive and affect that business Examines the history and origins of the international cocoa trade, and its recent developments featuring a discussion of environmental and practical factors affecting cocoa production Explores issues concerning the export and trading of physical cocoa, including the actuals market, the physical contracts used and the futures and options markets

The international cocoa trade gives full weight to cocoa's economic importance and has no equal as a truly practical guide for all those involved in producing, using and trading the commodity, as well as the banks that provide finance along the way., Coffee Cocoa International From the Back Cover 'An overview of the history of cocoa, the factors affecting its production and consumption as well as how the trade is conducted, various risks mitigated, and by whom. ...The International Cocoa Trade is a work designed to inform all on the subject of cocoa and an essential guide for those involved in its trade.'
