(and yes, have terrific new job!)By Annie TI've hesitated to purchase a "job search" book, figuring I probably don't really need a lot of advice or assistance (until looking to secure new full-time employment while I was employed full-time). I was wrong.... Definitely could use some help here!This book offers pragmatic advice, inspirational quotes (no, not sappy quotes in my opinion, just appropriate, motivating quotes) and solid steps to take to make this thing happen.The Author may do some chest-thumping. Not a problem, he's experienced and he's GOOD. This book helped me more than anything else. I now have

secured a terrific new position, doing something I've been looking into for a couple of years. THANK YOU Mr. Beshara! This book was the impetus for me. To drill down and take action and GET IT DONE. Highly recommend. 0 of 0 people found the following review helpful. help for the unemployed By generally crabby I've been unemployed now for about 8 months. The book is helpful if you can muster the personality to pursue a job hunt as boldly and eagerly as the author suggests. Unfortunately, I have not been able to stretch my level of confidence far enough, and each unanswered application lowers my energy for the task. There are some good ideas in here and the overall tone is positive but challenging. It'll help keep you in the game. 0 of 0 people found the following review helpful. Gave it to my friend By Julie and Sonny My friend is raving about this book. Quick read and can quickly reference a chapter you need to read.
