From Palgrave Macmillan : The Limits of Surveillance and Financial Market Failure: Lessons from the Euro-Area Crisis before purchasing it in order to gage whether or not it would be worth my time, and all praised The Limits of Surveillance and Financial Market Failure: Lessons from the Euro-Area Crisis:

This book examines the effectiveness of surveillance by international institutions for financial crisis prevention. It discusses issues relating to designing effective micro- and macro-prudential policies, their mixes and their coordination with monetary policies for achieving financial stability while promoting better macroeconomic performance.
