Jack D. Schwager : The Little Book of Market Wizards: Lessons from the Greatest Traders (Little Books. Big Profits) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Little Book of Market Wizards: Lessons from the Greatest Traders (Little Books. Big Profits):

8 of 8 people found the following review helpful. Wonderful experience and lessons By Juan Miguel Garcia; a Davila had the opportunity to read the first book of the series Market Wizards and I felt very impressed with the amount of useful information that I could extract from the multiple interviews made by the author. Well this time I've found something even more precious, a resume of the most important features that successful traders have in common

compiling the work of over 20 years, It's a wonderful book full of important insights made by probably one of the best trading authors in the entire world. Important tips inside that would be very useful for beginners up to professional traders. 0 of 0 people found the following review helpful. Very good
By Graybeard
This audio book discusses some of the recurring themes in the following books by Jack Schwager: Market Wizards, The New Market Wizards, Stock Market Wizards, and Hedge Fund Market Wizards. At first it disappointed me, since it omitted some of the four source books' important themes, but after listening to it a few times I accepted it on its own terms, likening it to a tasting menu at a restaurant. Bottom line: this is a useful audio book -- great for listening to during the daily commute. I've listened to it around a dozen times already. 0 of 0 people found the following review helpful. Great summary of the main book
By Chris T.
Great summary of the main book, and gets down to the important points in as few pages as necessary. This book is a great refresher when you are having some down days and getting inside your head when trading. But I think the main book deserves a read as it dives deeper into each trader and their stories.

An accessible look at the art of investing and how to adopt the practices of top professionals What differentiates the highly successful market practitioners;the Market Wizards;from ordinary traders? What traits do they share? What lessons can the average trader learn from those who achieved superior returns for decades while still maintaining strict risk control? Jack Schwager has spent the past 25 years interviewing the market legends in search of the answers;a quest chronicled in four prior Market Wizards volumes totaling nearly 2,000 pages. In The Little Book of Market Wizards, Jack Schwager seeks to distill what he considers the essential lessons he learned in conducting nearly four dozen interviews with some of the world's best traders. The book delves into the mindset and processes of highly successful traders, providing insights that all traders should find helpful in improving their trading skills and results. Each chapter focuses on a specific theme essential to market success Describes how all market participants can benefit by incorporating the related traits, behaviors, and philosophies of the Market Wizards in their own trading Filled with compelling anecdotes that bring the trading messages to life, and direct quotes from the market greats that resonate with the wisdom born of experience and skill Stepping clearly outside the narrow confines of most investment books, The Little Book of Market Wizards focuses on the value of understanding one's self within the context of successful investing.

From the Inside Flap
What differentiates the highly successful market practitioners;the Market Wizards;from ordinary traders? What traits do they share? What lessons can the average trader learn from those who achieved superior returns for decades while still maintaining strict risk control? Jack Schwager has spent the past 25 years interviewing the market legends in search of the answers;a quest chronicled in four prior Market Wizards volumes totaling nearly 2,000 pages. In The Little Book of Market Wizards, Jack Schwager seeks to distill what he considers the essential lessons he learned in conducting nearly four dozen interviews with some of the world's best traders. The book delves into the mindset and processes of highly successful traders, providing insights that all traders should find helpful in improving their trading skills and results. Each chapter focuses on a specific theme essential to market success and describes how all market participants can benefit by incorporating the related traits, behaviors, and philosophies of the Market Wizards in their own trading. The book is filled with compelling anecdotes that bring the trading messages to life, and direct quotes from the market greats that resonate with the wisdom born of experience and skill. Stepping clearly outside the narrow confines of most investment books, The Little Book of Market Wizards focuses on the value of understanding one's self within the context of successful investing. For an in-depth view of the art of investing and how to adopt the practices of top professionals, Schwager's Little Book is one of the best, most entertaining guides out there.
From the Back Cover
Praise for The Little Book of Market Wizards "Jack Schwager has written some of the classics in the investment field and this latest may be the best of them all. His books were very influential on me as a young trader. I still reread them today for reminders of hard-learned lessons and also for new inspiration. Schwager's ability to coax the best traders into revealing their methods is legendary and this Little Book distills these lessons into a thorough, organized, and fascinating set of lessons that I will be giving to every aspiring trader I know." mdash;COLM O'SHEA, Founding Partner and CIO, COMAC Capital LLP "Jack Schwager has done it again. His Little Book is insightful, enlightening, and ultimately invaluable." mdash;JOEL GREENBLATT, Managing Principal, Gotham Asset Management; author of The Little Book that Beats the Market "In his Little Book of Market Wizards, Jack Schwager presents the essence of trading as a series of colorful anecdotes that get right to the point and stay with you." mdash;ED SEYKOTA "No author;living or deceased;has created such a rich archive of printed material on the profession of market speculation as has Jack Schwager. An entire generation of speculators owes a debt to the Market Wizards series and to Jack for at least some portion of its success. The Little Book of Market Wizards brings remarkably new dimensions that only Jack Schwager could tease out of his extensive interviews with the trading greats." mdash;PETER L. BRANDT, trader, from the Foreword
About the Author
JACK D. SCHWAGER is a recognized industry expert in futures and hedge funds and the author of a number of widely acclaimed financial books. He is currently a principal of PortfolioFit (portfoliofitadvisors.com), an advisory firm that specializes in constructing tailor-made futures and FX managed account portfolios for clients, and the co-

portfolio manager for the ADM Investor Services Diversified Strategies Fund, a portfolio of futures and FX managed accounts. Mr. Schwager is also one of the founders of Fund Seeder (Fundseeder.com), a platform designed to find undiscovered trading talent worldwide and connect unknown successful traders with sources of investment capital. Mr. Schwager is the inventor of the Jack Schwager Commodity Index (JSCI) family, a set of dynamically adjusted commodity indexes that incorporate spread structure, systematic inputs, and volatility-based risk adjustments. The indexes are scheduled to be launched in early 2014 in cooperation with Aquantum AG and UBS. Mr. Schwager is perhaps best known for his best-selling series of interviews with the greatest hedge fund managers of the last three decades: *Market Wizards* (1989), *The New Market Wizards* (1992), *Stock Market Wizards* (2001), and *Hedge Fund Market Wizards* (2012). His latest book *Market Sense and Nonsense*, a compendium of investment misconceptions, was published in November 2012. He is also the author of the three-volume *Schwager on Futures* series and *Getting Started in Technical Analysis*. Mr. Schwager is a frequent seminar speaker and has lectured on a range of analytical topics including the characteristics of great traders, investment fallacies, hedge fund portfolios, managed accounts, technical analysis, and trading system evaluation.
