tackles the dilemma of nearly every manager — i.e. "There is never enough time, energy, resources, or focus to meet the increasing demands they face." He does not do so with a list of time management techniques. Rather he introduces 8 practices that "reveal the dilemma's core challenge and show you how to move beyond them." — follow the contradiction—determine your line of sight to focus on the right priorities—distinguish your contribution to make a deeper impact—plug the leaks to restore your capacity—create the conditions to achieve more value—find the pocket of influence to use minimal impact for maximum value—convert your challenges to fuel—make your goals their priorities Does it work? Give it a read and try it for yourself! Follow Sostrin's step-by-step guide for eradicating the dilemma. — Nick McCormick, Author, "Lead Well and Prosper"

This groundbreaking book provides a framework and set of key concepts enabling leaders to exert their influence over the difficult choices and competing priorities they confront.
