By Dr. R. Granger  
I am doing early preparation in case I am offered the opportunity to interview for selection into ophthalmology training. When I purchased the book, I did not realize how few pages it contained. As it turns out, there are very few wasted words or sentences. Although written predominantly for the UK medical system, the basic principles still relate to Australia (and presumably to the USA, Europe, etc). I will be re-reading some of the chapters. Well worth the money.

people found the following review helpful. OKBy LucyEasy to read but very short. Would have like more detail, especially with regards to how to answer tricky interview questions.0 of 0 people found the following review helpful. Nice But A Lot of Text !By Naif I. B. JohaniNice But A Lot of Text !Yeh It is a good book for Doctors going for Interview But I think if the author summarize some "LONG PARAGRAPH" to Upto the Point it would be better .

This book has been written specifically for busy junior doctors looking for that 'competitive edge'. The medical interview is quite different from any other interview, but this book will help you prepare well in advance to optimize your chance of success. In this new edition, there are more details on how best to present your CV, different interview strategies to adopt, real-life example questions with answers good and bad, and information on what happens behind the scenes. This book provides all you need to know to be a winner in a medical interview. Read this book and nail that job! The Medical Job InterviewExplains how to prepare the best curriculum vitae Tells you what you should do to get short listed Shows you how to find out who will be on the interview panel, and how you can anticipate their questions Gives tips on appropriate behaviour in an interview Advises you on negotiating salary and terms Reviews of first edition: '...I would whole heartedly recommend this book to anyone who is applying for a hospital position ... I found it a real help during my preparation for applying for house jobs...' Cambridge Medicine 'An excellent guide to the process of applying and getting hospital posts in the UK system...This book is a must for final year students, house officers and senior house officers who are looking for hospital posts and would not go amiss for those contemplating more senior appointments.' Senior House Officer in Medicine, Newcastle upon Tyne
