Peter J. Buckley : The Multinational Enterprise and the Emergence of the Global Factory before purchasing it in order to gage whether or not it would be worth my time, and all praised The Multinational Enterprise and the Emergence of the Global Factory:

The Multinational Enterprise and the Emergence of the Global Factory brings together research papers authored by Peter J. Buckley, focusing on three of the most important empirical and theoretical issues in the global economy: the rise of the 'global factory'; the growth of FDI from emerging economies; recent developments in the theory of IB.

About the Author Peter J. Buckley is one of the world's leading academics in the area of International Business. He is currently Professor of International Business and Director of the Centre for International Business at the University of Leeds, UK.
