**From Springer :** **The Myanmar Economy: Its Past, Present and Prospects** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Myanmar Economy: Its Past, Present and Prospects:

With motivated human resources and a rich natural bounty, Myanmar is expected to take off with sustained growth and eventually attain a unique welfare state. On the basis of the authors's field surveys and innumerable dialogues with public officials, private professionals, scholars, and others, in addition to intensive desk studies since around

2000, the present volume lays out the essential ingredients for drawing a roadmap to realise the above-mentioned objective. That goal is, specifically, financial development, adequate social capital, indigenous modern manufactures and closer international tie-ups, among others, but above all, sound agrarian development. An effort has been made to place the required ingredients in their historical contexts, as historical experiences constitute an important sociopolitical condition in which development takes place. Myanmar nationals and readers concerned with the country's economic progress are encouraged to give serious, sustained thought to coming up with a socially supportable roadmap for the country's development path. The present volume provides valuable hints for that purpose.

From the Back Cover With motivated human resources and a rich natural bounty, Myanmar is expected to take off with sustained growth and eventually attain a unique welfare state. On the basis of the author's field surveys and innumerable dialogues with public officials, private professionals, scholars, and others, in addition to intensive desk studies since around 2000, the present volume lays out the essential ingredients for drawing a roadmap to realise the above-mentioned objective. That goal is, specifically, financial development, adequate social capital, indigenous modern manufactures, and closer international tie-ups, among others, but above all, sound agrarian development. An effort has been made to place the required ingredients in their historical contexts, as historical experiences constitute an important sociopolitical condition in which development takes place. Myanmar nationals and readers concerned with the country's economic progress are encouraged to give serious, sustained thought to coming up with a socially supportable roadmap for the country's development path. The present volume provides valuable hints for that purpose. About the Author Konosuke Odaka is Professor Emeritus of Hitotsubashi University.
