Manfred F. R. Kets de Vries, Danny Miller : The Neurotic Organization: Diagnosing and Changing Counterproductive Styles of Management (J-B US non-Franchise Leadership) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Neurotic Organization: Diagnosing and Changing Counterproductive Styles of Management (J-B US non-Franchise Leadership):

0 of 1 people found the following review helpful. Five StarsBy Nick StevensI found the book to be very enlightening and spot on.1 of 6 people found the following review helpful. They Investigate Psychological Barriers To Growth And Change --- And Detail Ways Of Overcoming ThemBy Aung Htun"The Authors:Manfred F. R. Kets De Vries is professor of organizational behavior and management policy, Faculty of Management, McGill University, and is currently visiting professor in social psychology of management, Harvard University Graduate School of Business Administration.He is also a practicing psychoanalyst.Danny Miller is associate professor of management policy and organization theory, Faculty of Management, McGill University, and at Ecole des Hautes Etudes Commerciales, Montreal."..... They also explain ways of dealing with psychological conflicts and working for positive change within organizations.Offering advice to executives at various stages in their careers,THEY INVESTIGATE PSYCHOLOGICAL BARRIERS TO GROWTH AND CHANGE---AND DETAIL WAYS OF OVERCOMING THEM."[from the back flap]

Is your organization obsessive-compulsive or passive-aggressive? Corporate neurosis expert Manfred Kets de Vries analyzes dysfunctional organizational behavior in terms of accepted psychoanalytic types and arrives at some genuine insights into why some companies are healthier than others.

"Excellent and well-written.... The authors analyze dysfunctional organizational behavior in terms of accepted psychoanalytic types. The analogy between personal and organizational malfunction is clearly drawn and offers genuine insights into understanding nonfunctional organizational behavior.", ChoiceFrom the Back Cover"An excellent and well-written book....The authors analyze dysfunctional organizational behavior in terms of accepted psychoanalytic types. The analogy between personal and organizational malfunction is clearly drawn and offers genuine insights into understanding nonfunctional organizational behavior."--ChoiceAbout the AuthorMANFRED F.
