Bertram J. Schaeffer : The Option Advisor: Wealth-Building Techniques Using Equity Index Options (Wiley Trading) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Option Advisor: Wealth-Building Techniques Using Equity Index Options (Wiley Trading):

0 of 0 people found the following review helpful. but pretty good.By CustomerSomewhat dated and basic, but pretty good.0 of 0 people found the following review helpful. Fabulous Options Book!By JohnThe best and most comprehensive options book ever! Mr. Scheffer has a math background, but a gift to take complex material intelligible. I use this as an ongoing reference book. If you trade option, a "Bible!"0 of 0 people found the following

review helpful. Option Advisor
By Linwood Bethea
The Option Advisor was extremely helpful and was what I was looking for. I look forward to finishing this book and am looking forward to continuing reading works on this topic.

Acclaim for Bernie Schaeffer's expert approach to options trading. "Bernie Schaeffer's penchant for contrary investing is terrific, and his market calls on that strategy have been excellent. He shows how to apply contrary thinking-and many other types of 'expectational analysis'-to option strategies. All option traders should enjoy reading this book." - Lawrence G. McMillan President, McMillan Analysis Corp. Author, *Options as a Strategic Investment* and McMillan on Options. "A superb book that will benefit both stock and options investors. It blends technical analysis, fundamentals, investor psychology, and strategy to come up with an excellent approach to the markets. A good read for the investor seeking new trading ideas in today's fast moving markets." -Leo Fasciocco Stock Market Columnist, *Investor's Business Daily*. "A breath of fresh air for options traders. Most options books are textbook in nature. Schaeffer cuts right to the chase and provides solid ideas on how to use options effectively for both conservative and trading-oriented investors. It's innovative and fresh. Get a copy." -Thomas J. Dorsey President, Dorsey Wright Associates Author, *Point Figure Charting*. When nationally renowned options expert Bernie Schaeffer talks, everyone listens. A "Market Maven" on CNBC, a frequent guest on CNN, and a top-rated *Timer Digest* market timer for the past decade, he has also been a featured speaker at numerous investment conferences. His views on the stock market and the economy are regularly quoted in the *Wall Street Journal*, the *New York Times*, *Barron's*, and *Investor's Business Daily*. Thousands of subscribers eagerly await each issue of his *Option Advisor* newsletter, and when he distills his decades of knowledge and experience-as he does in this remarkable book-savvy investors everywhere pay close attention. In *The Option Advisor: Wealth-Building Strategies Using Equity and Index Options*, Schaeffer offers his own carefully tested, prudent, and profitable strategies for trading options. He begins by dispelling outdated folklore and beliefs about the options world, and reveals instead how options can be used as an inexpensive, leveraged vehicle for profiting from the movement in an equity. With clarity and logic, he explains the basic principles of options trading, emphasizing, in particular, why options cannot be traded like stocks-a very common and potentially very costly mistake. Schaeffer delves into the psychology of options trading, demonstrating how to distinguish between "high" and "low" expectation stocks, how to measure sentiment, and how to master the valued *Contrary Opinion Theory* for successful trading. He shares his wealth-building techniques for selecting the right stocks, assessing risk, managing your options portfolio, and, most important, for reading market timing indicators. What *The Option Advisor* boils down to is expert guidance on managing your money, while avoiding the most common errors of options trading. In a detailed section on applications, Schaeffer gives you practical, hands-on advice on how to use a full array of real-world trading strategies, including quick trades, aggressive trading strategies, conservative approaches, portfolio protection, and the increasingly popular *Long-term Equity Anticipation Securities (LEAPS)*. With characteristic thoroughness, Schaeffer also offers invaluable information on selecting an options broker, opening an options trading account, and doing research on the Internet. From the novice to the experienced investor, *The Option Advisor* offers a gold mine of information on how to achieve success in options trading.

From the Publisher
With over 15 years experience in option trading, one of the leading experts in the field offers his conservative, yet highly successful trading strategies. The text includes a thorough explanation of the basic options principles, important differences for trading options and stocks, money management techniques and trading rules.

It's innovative and fresh. Get a copy." mdash;Thomas J. Dorsey, President, Dorsey Wright Associates, and author, Point Figure Charting "Hercule Poirot once observed that 'the methods of detection change, but the crimes, they remain the same.' Bernie Schaeffer has proved this basic truth anew by using contrary opinion analysis brilliantly to navigate a stock market that has left most other 'contrarians' foundering on the rocks. The insight his book offers into how he has managed this feat makes The Option Advisor very timely as well as very valuable." mdash;Paul Macrae Montgomery, Analyst, Legg Mason Wood Walker Inc.
