**Paul Hill : The Panic Free Job Search: Unleash the Power of the Web and Social Networking to Get Hired** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Panic Free Job Search: Unleash the Power of the Web and Social Networking to Get Hired:

2 of 2 people found the following review helpful. Instant results !!!By Sheila HausAmazing insight into the stress free job search/transition. Paul Hill was able to break down the search into easy steps with good wit. Would recommend this book for any one that wants to take charge of their career and not be in transition again. I highly recommend it...it

works and I have received multiple job offers. I bought the Kindle version for myself and have given out hard copies as gifts. 1 of 1 people found the following review helpful. Excellent book with all sorts of valid info. By Elizabeth Rocchi I originally picked this book up at the library and since I refer to it all the time, I decided I needed to buy a copy. If nothing else, it is keeping me calm while I look for a job and for me, that's worth it. 0 of 0 people found the following review helpful. Great advice By Nancy J We had heard great things on the radio about this book; ordered it for our out of work son, and he said it gave him great up-to-date advice which helped him answer some of the recently popular questions . He got a job a month later.

Transition expert Paul Hill changes the conversation about how to get hired with his innovative use of social media. Libby Gill, best-selling author of *You Unstuck* Job seekers are frustrated. Online job applications through job boards and employer sites are leading to dead ends. Why? Employers are closing the last chapter on the online application playbook. Inundated by online applications and hampered by computer systems that are unable to select viable candidates from the masses of applicants, employers are now using innovative strategies to recruit and screen candidates online. Advances in technology make the way jobs are found and filled online distinctly different from just a few years ago. Employers are scanning the Web using advanced tools to capture signals from LinkedIn, Facebook, and Twitter, among others, to recruit candidates. Based on leading Internet strategies, *The Panic Free Job Search* shows you how to get hired: By developing a professional, Web-savvy profile By leveraging the power of LinkedIn, Facebook, Twitter, Google, YouTube, TubeMogul, and even your own Website By sending the right signals through social networking sites By tapping into the hidden job market Don't panic! You can get the job you want, even in this tough economy.
