Ideal book to give as gifts to young women entrepreneursBy Natasha GreenI enjoyed the book because it goes against an idea usually told to entrepreneurs and especially told to females. And this is the idea that you should focus your thoughts and energy in one area and that is what you will be good at for the rest of your life. But in today's fast pace world, we should be formulating as many ideas as possible and we should be learning what it takes to bring any idea to fruition. This just makes us better at idea formation and hopefully

execution. I think it is refreshing that Lauren has a wide range of interests and has started businesses and projects in sectors she cares about. Is the book similar to other self help books, yes and no. Yes, because they are some points that we have heard over and over again about being successful. On the other hand, no, because there are things that she points out that will make you say, "I knew I wasn't crazy. That was what I was thinking also!". But anyway, as a society we continue to need an influx of positive information and insight on how other people reach their goals and dreams. As learners or entrepreneur when you get time to read how someone else ascended to success it just make me stand in awe because there are a million and one paths to reach your defined "Success" - which Lauren talks about in the book. What interests me the most about this book is the stories within the story. I was wondering what was the conversation between the city girl and the down south families like? How did she motivate them and have them feel she was worthy of their time? Or even the divorce .. what happened mentally and with the kids from that time frame? Relationships and entrepreneurship clashes at every point because both are roller coaster rides in different parts of your cerebrum. But anyway, it is a quick read. I did it in about 4 hrs. Also I liked that she used some words such as erudition. 1 of 1 people found the following review helpful. A primer for all young entrepreneurs...By Richard A Cummings...in reading Lauren Maillan Bias's book, several things crossed my mind, her natural, accessible writing style...despite her accomplishments, in the book, she utilizes her relationships with other accomplished entrepreneurs and integrates their wisdom with her own, and her discussion of how to motivate and engage Gen Y employees is invaluable. Further, the mindset and challenges of young and female entrepreneurship is explored clearly and accessibly. If you're considering entrepreneurship...start your library with this book, if you're an entrepreneur (especially if you deal with Gen Y employees) purchase this book in order to enhance your library, and if you are curious about young entrepreneurship...this book has the guidance necessary for you to consider and/or initiate action. 1 of 1 people found the following review helpful. A must read for female entrepreneurs or anyone who wants to create their own journey to success! By STEPHANIE P. I absolutely LOVED this book!!! I left my job to start my first business venture and this is the exact book I needed to read to get me re-inspired and confident in my own journey. I seriously bookmarked so many pages and felt like Lauren was talking directly to me. I also loved how she shared stories and tips from her colleagues and other successful entrepreneurs throughout the book. This book is filled with powerful, honest and useful advice. If you're feeling stuck or in need of inspiration to change your life, this is the book for you!

Success is not about climbing over colleagues or climbing the corporate ladder; it's about the ability to rise to your full potential and tackle challenges with enthusiasm. In today's career climate, you have to be innovative and ambitious and capitalize on your individual talents. *The Path Redefined: Getting to the Top on Your Own Terms* shows you how to achieve the highest levels of success and satisfaction in business and in life by tapping into the essence of what makes you unique. You can reach the pinnacle of your work and personal lives, faster and more independently than you ever imagined possible on your own terms. In *The Path Redefined*, serial entrepreneur Lauren Maillan Bias shares the lessons and tactics that rocketed her to the top of three completely different fields all before she reached the age of 30. Using her extensive experience as a successful business owner, venture capitalist, and startup advisor, Lauren explains in easy-to-understand terms how to reinvent yourself and plan for success, all while embracing failure but learning from your mistakes. Including advice and lessons from some of the nation's most successful entrepreneurs and business executives, *The Path Redefined* will become an indispensable tool to maximize your full potential without compromising who you truly are.

The Path Redefined is an honest and candid overview of how Lauren has forged her brand and what it takes for a forward-looking individual to build success on their own terms. This book will inspire anyone from a college graduate just building their career to a seasoned executive seeking a passion pivot. It's important for entrepreneurs to build for their future every day, and with this book, Lauren has done just that. Brava! Morin Oluwole, Business Lead to VP, Global Marketing Solutions at Facebook Lauren's very frank steps to success mirror her road to prosperity: successes built on honesty, resilience, and hard work. She tells it like it is and leaves you with a clear path to go forward and tackle the challenges in front of you. Amanda Pouchot, cofounder of Levo League and contributing writer at Fortune.com Readers beware you are in for a shot of motivation that will compel you to create the successful life you deserve! The stories and advice offered within these pages will inspire and empower you to redefine, pursue, and achieve greater levels of success in your own life. Stacy Francis, CFP Reg., CDF A trade, President and CEO of Francis Financial, Inc. *The Path Redefined* is a great read for the entrepreneur in all of us. As applicable insights for the 20-something as the individual getting ready to launch that encore career. Matthew Harrington, Global COO of Edelman PR *The Path Redefined* is a must-read for those looking to succeed on their own terms. Lauren, a true go-getter and successful entrepreneur, shares her own life experiences and valuable advice that are sure to motivate and inspire readers to go after their goals! Eric Ripert, chef and co-owner of Le Bernardin
