Francesco Giordano, Sharda Persaud : The Political Economy of Monetary Union: Towards the Euro before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Political Economy of Monetary Union: Towards the Euro:

This book places the whole issue of monetary union in its wider political economic context. The authors discuss: * the effect of EMU on fiscal and monetary policies * Central bank independence * the impact of EMU on unemployment * ERM II * international perspectives. Drawing on their experience in the European financial markets, the authors use a non-technical approach to discuss these issues - both in a general European sense and more specifically, Germany, the UK and Italy.
